Experience authentic Italian flavours with Donna Italia pizza!

We firmly believe that mouth-watering pizza starts with the best ingredients. We use only the finest quality products and take the time to ferment the dough, ensuring that our pizzas have a crispy-yet-chewy crust. Our Crust with Tomato is designed for customers who want a lighter pizza without cheese and prefer personalising it according to their guests tastes, at a more creative level.

OUR CRUST WITH TOMATO

- » FLOUR TYPE 1
- » DUSTED WITH GRANITO FLOUR
- » NO PRESERVATIVES OR ADDITIVES
- » COOKED IN A WOODFIRED STONE OVEN
- » PAR-BAKED
- » MADE IN ITALY

We let our highly hydrated dough rise for 24 hours to develop more flavour and a tastier crust.

We par-bake our pizzas in a traditional Italian wood-fired oven for that unforgettable taste of authentic Italian pizza.

The quality is the same as our Margherita, only without Mozzarella. Designed for customers who want a lighter pizza without cheese and prefer personalising it according to their customers tastes.
